

ADMISSION CRITERIA FOR LAUDER KINDERGARTEN 2019/2020

- A) In our kindergarten, we admit only children who can prove their good health by a statement from a paediatrician and who have had all mandatory vaccination.
- B) We admit children from the age of 3, i.e. children that will become 3 years old at the latest on 1st September 2016.

If the number of children enrolled exceeds the class capacity, the criteria stated below are considered. The criteria are established by the school principal. All the individual criteria are added up; they are ranked from the most significant to the least significant.

- 1) A connection to Lauder School (a sibling at Lauder, a child of a Lauder graduate etc.)
- 2) Membership in the Jewish community in Prague (this pertains also to the membership of a family member)
- 3) The child's parents follow Jewish traditions (regardless of their membership in the Jewish community in Prague)
- 4) The child is in the final year before compulsory schooling

In Prague 4 July 2018
Petr Karas, Principal
