

ADMISSION CRITERIA FOR LAUDER KINDERGARTEN 2022/2023

- A) In our kindergarten, we admit only children who can prove their good health by a statement from a paediatrician and who have had all mandatory vaccination.
- B) We admit children from the age of 3, i.e. children that will become 3 years old at the latest on 1st September 2019.

If the number of children enrolled exceeds the class capacity, the criteria stated below are considered. The criteria are established by the school principal. All the individual criteria are added up; they are ranked from the most significant to the least significant.

- 1) A connection to Lauder School (a sibling at Lauder, a child of a Lauder graduate etc.)
- 2) The child's parents follow Jewish traditions (and membership in the Jewish community in Prague)
- 3) The child is in the final year before compulsory schooling

In Prague 12 August 2021
Petr Karas, Headmaster of school
